

Analytic Banking Services: A solution to facilitate financial and risk management, reporting, accounting and compliance

Axxiome's Analytic Banking Services offer expertise in Integrated Finance and Risk Platforms using SAP Bank Analyzer - a unique solution catering to the volatile world of risk, compliance and financial accounting.

OVERVIEW

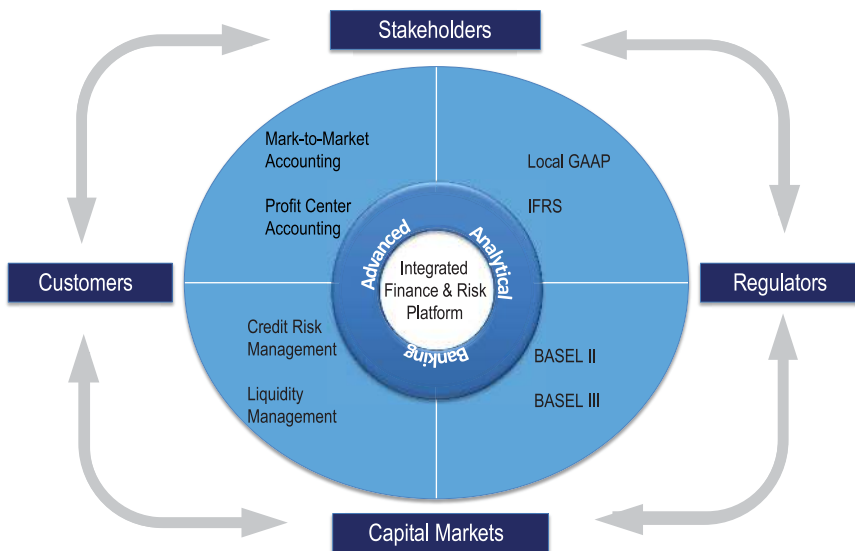

- Axxiome provides expert implementation, optimization and testing for all components of Bank Management offered by SAP.
- Primary solutions provided for SAP Bank Analyzer are Credit Risk Management (CRA), Limit Management, Accounting for Financial Instruments (AFI - Local GAAP, IFRS), Regulatory Reporting, Impairment and Hedging, Asset-Liability Management (ALM), Market Risk, Basel II and III.
- Excellent audit trail capabilities provided: Accounting (AFI fat sub-ledger and thin G/L), Credit Risk (audit trail reporting and online detailed reporting).
- Seamless integration with current architecture of the bank (both SAP and legacy systems).
- To complement the overall reporting, reconciliation and predictive analysis requirements, Axxiome offers integrated banking solutions from SAP which provide detailed sub-ledgers, data for prudential reporting, capital adequacy data, risk analysis and provisions for management accounting.

GENERAL FACTS

- As experts in analytic and core banking solutions, omni-channel and cloud based banking systems and SAP Financial Services reporting solutions, Axxiome is in a unique position to offer this dynamic end-to-end Bank Management service.
- Axxiome provides the integrated banking landscape architecture and design comprising of SAP Bank Analyzer configuration, financial data modelling, testing and process optimization with seamless system integration with CRM banking services, ERP solutions and reporting platforms.
- Axxiome is one of the pioneers in the market in SAP HANA, SAP POL and Amazon Cloud based solutions for the Integrated Finance and Risk Platform, providing maximum benefits of the Bank Analyzer system using real time data and enabling subscription based utilization.
- Axxiome offers an "AFI on HANA" solution to achieve better performance and scalable systems while reducing the database size.

ANALYTIC BANKING PLATFORM

AXXIOME EXPERTISE

To complement the unique banking services offerings, Axxiome has an excellent team comprising of business content experts, solution architects, SAP Bank Analyzer senior consultants, risk and accounting specialists, integration experts and application development teams, who consistently deliver SAP banking solutions to clients globally.
